WILL PROBATED.

Large Landed Estate and Other Property Disposed Of.

The Planters Bank and Trust Company and Two Sons of Deceased Executors.

The will of the late Benjamin Bradshaw was probated yesterday. The instrument was written Dec. 21, 1901, and signed Jan. 4, 1902. He bequeathed to his wife, Fannie A. Bradshaw, all of his property, both personal and real, to have and to hold during her natural life. After her death the real estate is to be divided as follows:

The home place, containing 256 acres, is to be divided between Claud S. and Maggie Bradshaw; the Kelly place of 313 1/2 acres, between Benjamin H. Bradshaw and Ollie B. Gray, the former's part to consist of said land on which are the improvements; the Lunderman place of 325 acres between Elbridge and Dr. E. B. Bradshaw.

His daughter, Mrs. Annie B. Culver, is to have an equal share in the estate, with other six children, paid to her in money or notes or good security.

The Planters Bank and Trust Company and Claud S. and Benj. H. Bradshaw, are named in the will as executors, and have qualified. Messrs. Jno. C. Willis, R. F. Rives and J. H. Williams are the appraisers.

NEW COMMISSIONERS

Surprisingly Good Selections For Asylum Officers.

Gov. Beckham has sent into the Senate the nominations of four new commissioners as follows:

Chas. H. Layne, 6 years, vice Geo. C. Long.

David Smith, 6 years, vice J. W. Dwyer.

Frank M. Quarles, 6 years, vice G. W. Wiley.

W. Marlow Johnson, 4 years, vice J. T. Hanby.

The first three succeed Republican commissioners whose terms have expired. Mr. Johnson will fill a vacancy caused by the resignation of one of Gov. Beckham's appointees of two years ago.

The new commissioners are all men of good character and business qualifications. They are honest, clean and respectable citizens and we congratulate the Governor upon his good selections.

Mr. Layne is a leading lawyer, a successful businessman and progressive citizen.

Mr. Smith was the fusion candidate for assessor last year and came within 177 votes of overcoming the Republican majority of 1200. His defeat was due largely to the hostility to the fusion movement shown by Gov. Beckham's local appointees, at least one of whom bolted a part of the ticket endorsed by the Democratic party. In recognizing the fusion movement, the Governor has honored a good man and administered a deserved rebuke to his friends who did nothing to aid Mr. Smith in his gallant fight to redeem the county. He lives at Fruit Hill.

Mr. Quarles is one of the best men in the county, a farmer living near the asylum, a Christian gentleman, a conservative, honest, upright citizen.

Mr. Johnson is a young farmer, an stockman living near this city a man of unblemished character, honesty of purpose, and a profound respect for law and morality.

Governor, you have done well. Place the same class of men in all the offices at your disposal and the state will be free from scandals and your own cause will be strengthened over.

GREAT SERMONS.

Large Crowds Attend Each Service of Pentecost Meetings.

Increasing Interest With Each Day and the Singing Getting Better and Better.

TUESDAY NOON

Dr. Pentecost's sermon Tuesday night was the second of five that he is to deliver on the wages of sin. After the singing service, during which Mr. Excell sang "All the Way," with his usual feeling, Dr. Pentecost read Hebrews 10th, 1st to 31st verses. Before proceeding with his sermon he stated that an after meeting would be held every night of the services this week. For the benefit of those who expect to attend the afternoon services we will state that the afternoon services will begin at 2:30, instead of 2 o'clock, as at first announced. The superintendent of the public schools will close the schools at 1 o'clock, so that the pupils can get their dinners and attend the afternoon services.

In beginning his discourse the Doctor gave a description of his home overlooking the Hudson at Yonkers, New York, which is the manse of the First Presbyterian church. Its beautiful location in sight of Grant's tomb, the palisades, etc. During his stay there he has beautified it with statuary, paintings, cabinets of curios, works of art, etc., which he has collected from all parts of the world. It was a lovely picture of a home and home comfort, but dear as it is to him, he is going to leave it. Way up in the New England hills, on the banks of the Connecticut river, he has a home of his own. For 25 years he has been preparing it. There he expects to live out the balance of his days. How dear the place is to him. How he sympathizes with those who are turned out from their homes with no home of their own to go into. What a sorrowful condition those who, when they must leave this world, have no home in heaven prepared for them by Christ to which they can go! They won't accept Christ, and are out and away from God. They have turned their backs on God, are satisfied with their sins, persist in trampling under their feet the Son of the living God—sin blinds them. They are willing, they say, satisfied with their sins, to accept the judgment of God and will have nothing to do with Him.

"It is a fearful thing to fall into the hands of the living God." I admit, friends, this side of the question presents nothing to cause you to listen with enthusiasm. "Of how much sorer punishment, suppose ye, shall he be thought worthy who hath trodden under foot the Son of God, and hath counted the blood of the covenant wherewith he was sanctified an unholy thing, and hath done despite unto the spirit of grace?" (Heb. 10, 20). "He that believeth not is condemned already." When you deal with God you are dealing with a finality. The tree is not a finality, neither is the bud, or the leaf—but the fruit in the finality. Christ is a finality—God manifest in the flesh. Your rejection of him is final, it is fatal. There is no deliverance outside of the grace of God. Without Him you drift on in your sin to the final doom of all who do not accept him as God manifest in the flesh. Quitting your sins, or your meanness, if you will call it so, cannot save you. You may stay on your knees until you are as gray headed as Methuselah and that will not save you, the church cannot save you. It is the Holy Ghost only that can save you. It is only when a man gives up everything, surrenders, and cries, "God be merciful to me a sinner," that he can escape punishment for his transgressions. It is not because he is a sinner by nature and has sin in him that he is punished, but because he has grieved the law of God. T

facts brought out.

WEDNESDAY NIGHT.

There was the largest attendance Wednesday night at the Tabernacle that has gathered there at any of the meetings conducted by Dr. Pentecost. The meetings have been growing in interest ever since they commenced last Sunday, while the people have correspondingly increased in attendance. Prof. Excell is handling the choir with the ability that all know he possesses. The singing was exceptionally fine, especially "Marching to Canaan." It could plainly be seen that Prof. Excell was delighted with its rendering. All who could sing with him, while those who do not sing drank in the glorious melody that filled the house, which, as one said, was grand enough, rich enough, and strong enough to almost move the roof of the Tabernacle.

I hear men often say that sometime I will accept Christ. Putting off until to-morrow means another month, another month means another year, another year means many more years. But God says "Now is the day of salvation." Cut loose from self. Repentance, tears, prayers will avail nothing unless you can say "Son of God: I love you—God be merciful to me a sinner." If you do not this it is like trying to teach a drowning man how to swim. Everything has been done that the Father can do, everything that the Son can do, everything that the Holy Ghost can do. And yet men turn their backs upon God and go on in their sins and unbelief to end their damnation.

Notwithstanding the bitter cold weather that has prevailed from day to day the attendance seems to be larger and larger. Great interest is being aroused, the afternoon meeting Tuesday approximating 1,000. At that service alone twelve or fifteen responded to the call to come forward and manifest their willingness to accept Christ.

If the preacher's voice does not fail him, great results are expected. He seems to be in as good physical condition as at any time since he first came.

It enthuses everyone when Prof. Excell has the choir to "come down" on some of the old songs that were sung when he was here three years ago.

The Tabernacle was not as warm as it should have been Tuesday night. The janitor says it was owing to not coal that had been sent him. This will not be the case again, as the executive committee will do everything in their power to make the congregations comfortable.

Owing to sickness Dr. Southgate has denied the happiness of being present at any of the meetings.

The afternoon service consisted of a Bible reading. The Doctor took up the first chapter of Genesis and step by step led his hearers up to the confounding of tongues, which was the beginning of the formation of mankind into the nations of the earth, when the descendants of the three sons of Noah spread themselves in different parts of the earth, he said that in the reading of Thursday afternoon he would define the difference between the Hebrews and Jews. It was a splendid service, conveying much information that will be helpful to Bible students and young people who will store up in their minds the

truths pronounced by many of the strongest Dr. Pentecost has yet delivered. It was the third of a series on "The Wages of Sin."

He read the 12th chapter of the Gospel by John, 12th to 24th verses inclusive. The preacher stated in the outset that the Jews wanted to get rid of Christ for fear they might lose their places, power and profit. I am going to tell you some very unpleasant truths to-night, but they are echoes from the word of God.

You have treated them flippantly and disgracefully, when (I say it reverently) God has exhausted himself to save you from your sins. Why will you not believe in him? You acknowledge that it is disgraceful for you to be a drunkard, an adulterer and a thief, but you reject the Son of God. You know what your sins are—and God knows what they are. The lurking devil in your heart knows best what sins will keep you away from God and binds you with chains that will lead your soul down to hell. Men go down to death without accepting the Son of God. God knows the wickedness of the human heart. He says "the heart of man is deceitful above all things and desperately wicked." It is so wicked that the Jews killed the Son of God. There may be some here to-night that would kill him. They are dishonest to themselves, to their friends, and to God. I do not say that all men who do not accept Christ are what the world calls dishonest men. There are honest skeptics, but the truths of God do not depend on them for their verity. People here and everywhere are often shocked with the development of some act of dishonesty on the part of trusted men—things that can scarcely be believed. All men have them

FEBRUARY 7, 1902—

ANNOUNCEMENT!

We are authorized to announce
Mr. W. H. C. BELL,
of Bell County, as a candidate for Railroad
Commissioner of the State Railroad of
Kentucky, subject to the action of the
Democratic party. Election Nov. 1902.

MORE OR LESS PERSONAL.

The visit of the Legislative committee to the Asylum Monday was to no one an investigation. The visitors arrived at ten, were driven immediately to the Asylum, railroad, ed through a tunnel and an inspection of the buildings, and after a session of a few minutes for "business," they were hurried back to town in time to leave on the 5:23 train. All told, they were in Hopkinsville, less than 75 hours. The Board had been advised that the committee would arrive Tuesday, and as several of them were out of town it was not possible to hold a meeting without notice. Although outsiders friendly to the administration's jets were invited, no member of the official board of commissioners, so far as learned, was similarly honored. All of the recently indicted officers, with their legal advisers and political helpers, were present and assiduous in their attentions to the visitors. A reporter for the Louisville Commercial who was present was invited to take a walk when the "business session" convened, with the parties to be investigated present in person and by "next friends," and no one representing the people nearer than two miles away. The accused parties, from what we can learn, overdid the thing and disgusted at least a part of the committee. They had speakers present to traduce the editor of the KENTUCKIAN, who was sick in bed at the time and is still unable to leave his room, for the part he has taken in turning the light on the asylum mess. The committee was gravely assured that his "hostility" was due to events that occurred prior to the change of administration at the asylum.

This he has been so often denounced and is so well understood in this community to be a lie, that we are reluctant to dignify it with even a passing notice.

In the spring of 1900, Gov. Beckham sent for the editor of KENTUCKIAN, who had endorsed Dr. D. E. Bell for Superintendent of the Western Asylum, and voluntarily assumed Dr. Bell himself and Dr. J. D. Clardy, who had also endorsed him, that while he could not appoint him superintendent he would appoint him first assistant, which Dr. Bell agreed to accept, and with the Governor's solemn assurance that he would get the place inside of a week. Dr. Bell regarded the matter as settled.

It was soon learned, however, that the Governor had no intention of keeping the promise and that similar promises were scattered all over Western Kentucky.

In the ensuing campaign, the KENTUCKIAN opposed the nomination of Gov. Beckham.

After his nomination, however, it gave him its earnest and loyal support and its editor served all summer on the local campaign committee to give truly of his means to elect the ticket, made five times as many speeches for Gov. Beckham as all his personal followers in the County.

How's This?

We offer One Hundred Dollars Reward for any case of Cataract that cannot be cured by Hall's Gargaric, Dr. CHENET & CO., Proprietary, Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by him.

West & Traux, Wholesale Druggists, Walding, Kinnan & Marvin, Wholesale Druggists, Toledo, O.

Hall's Cataract is the internal, and a direct attack upon the blood and mucous surfaces of the system. Price 75c per bottle. Sold by druggists. Testimonials free. Hall's family pills are the best.

All Stuffed Up

That's the condition of many sufferers from cataract, especially in the morning. Great difficulty in getting acid in glass, and, in fact, impossible.

No sooner cataract causes headache, induces the tooth, ear and hearing, isolates the breath, deranges the stomach and affects the appetite.

To cure cataract, treatment must be continuous—alternating and tonic.

"I have had cataract, I took

medicines of different kinds, giving each

a fair trial, but gradually grew worse until I had to give up all kinds of work,

then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have had no trouble with cataract since." EUGENE FORBES, Lebanon, Kan.

Hood's Sarsaparilla

Curse cataract—it soothes and strengthens the mucous membrane and builds up the whole system.

combined, and when he came to Hopkinsville introduced him to the crowd gathered to hear him. These facts are known to the public here and cannot be gainsaid by the unsupported statements of men whom a grand jury refused to believe in.

Up to last April, the editor of this paper displayed no "hostility" to the Governor. He called to pay his respects when in Frankfort and treated his administration with all fairness, until his appointees here began to violate the laws. Then, as has been his custom for 20 years, whether dealing with Republican embezzlers, Democratic defaulters in office, corruptors or gamblers—and we have had them all in Christian county—he took a stand on the side of the law, and the people demanded that the Asylum be investigated, the guilty punished and the innocent exonerated. No hostility was shown Gov. Beckham until he allied himself with the gambling element and then only because of his attitude toward lawlessness.

This much is explanation. Personally we care nothing about the "feather" of the birds the Governor flock with.

There are plenty of good men in Kentucky to fill the offices. There are in Hopkinsville two able physicians, clean, capable men of Christian character, who for years filled positions in the Western Asylum who were never indicted, never touched by the breath of scandal, never without the respect of the community. All over the state there are such men, but if the Governor prefers others, the editor of this paper can stand if it the rest can.

Forecast for Kentucky:

Between 7th and 11th—Snowstorms followed by cold wave, covering the greater part of the country.

Between 14th and 16th—Zero weather.

Between 17th and 19th, Heavy rainfall, flooding the low lands. Warmer with high winds.

Between 20th and 24th—Heavy rain, turning to snow.

Between 26th and 30th—Stormy conditions, with more snow and a cold wave.

"Uncle Tom's Cabin," Again.

Davis & Busby Bros., have secured possession of Holland's Opera House for one night only, Monday, February 10, in order to give the public an opportunity to see their spectacular and mammoth production of "Uncle Tom's Cabin."

The dramatization of Mrs. Stowe's historical story has ever been a favorite with the women and children, and they always go to see the performance, no matter what the grade or excellence may be. The Davis & Busby Bros. Company is said to give the best production of the play seen in Hopkinsville in a long time. The organization is headed by the famous sisters themselves. The characters of Uncle Tom, Eliza, Little Eva and Marks are all presented and the large corps of colored singers and dancers, bloodhounds, etc., give a realism to the performance. The scene and mechanical effects are good, and the picturesque transformation scene forms a fitting close to the whole.

Another Assignment.

The merchandise establishment next door to the Bank at Hopkinsville, known as the "cheap John Store," passed into the hands of an assignee last Wednesday. The liabilities approximate \$2,000. No schedule has yet been filed. Moses L. E. is named as assignee.

The city council has introduced

a bill which provides that no person in a fourth-class city shall be eligible to office in a City Council if he holds a license to which a penalty attaches.

McKnight's money is getting away in a hurry. It is said that it has already cost him \$50,000 to resist persecution, and that Col. Breckinridge's fee will be \$15,000.

Miss Alice Roosevelt, who is to christen the Kaiser's yacht, will be presented with a gold jewel case richly studded with diamonds.

The burial of Col. S. D. Bruce, late editor of the Turf, Field and Farm, a New York publication, was buried at Lexington last Monday.

They had more freezing weather at Jacksonville, Fla., and New Orleans.

HEAVY SNOWS

And Rainfall, Accompanied by
Usual Blustery Weather,

With Numerous Rough Accom-
paniments, Predicted For The
Month by Prophet Marsh.

Sold by W. R. Jones, Hopkinsville, Ky.

Marsh, the Ohio weather prophet, says severe storms and blustery weather will prevail during the greater portion of February, with sudden changes in temperature from moderate weather to cold waves and heavy rain and snowfall. Heavy snow, blizzards and extreme cold waves will occur in the Northwest and states west of the Mississippi River. Heavy rains to cold waves and snowstorms will be the chief of the Mississippi River. The storms occurring during February will be extremely severe on the Atlantic Ocean, the coast and states adjoining and on the Great Lakes. Extremely heavy rains will occur over the Southern and Gulf States, causing floods and delay to traffic.

Heavy snow and rainfall and cold waves over the States of Ohio, Indiana, Kentucky, West Virginia, the mountain districts, Pittsburgh and the headwaters of the Ohio and in the Alleghany and Monongahela regions, causing rapidly rising streams and a flood. Floods will occur along the Ohio River and its tributaries, causing destruction and loss of property. The floods will not be confined alone to the river districts, but over different sections of the States of Ohio, Indiana, Kentucky, Tennessee, West Virginia and the lowlands of Mississippi. Heavy snowstorms will occur over the Eastern States, blocking traffic at New York, Philadelphia, Boston, Washington, D. C., and the East.

Forecast for Kentucky:

Between 7th and 11th—Snowstorms followed by cold wave, covering the greater part of the country.

Between 14th and 16th—Zero weather.

Between 17th and 19th, Heavy rainfall, flooding the low lands. Warmer with high winds.

It is a crime in every man's life when he attempts to make conditions with God.

This sermon was delivered with such earnestness and power that a feeling of solemnity seemed to pervade the entire audience.

The leading business men of the town have agreed to close their houses from 2:30 to four o'clock so that the men can attend the afternoon services.

The Doctor announced that the character of the afternoon services in the future would be different from what they have been heretofore.

The gallery lacked very little of being half full of colored people Wednesday night. No doubt before the meetings close the sections set aside for their use will be filled.

PERSONAL GOSSIP.

Miss Felia Payne returned from Winter Haven, Florida, last Saturday night.

Mr. and Mrs. H. D. Wallace left this morning on a visit to friends in Louisville.

Mr. L. W. Guthrie, of the Southern Normal School, Bowling Green, was in the city yesterday.

Mr. W. E. Trahern and family have returned from a visit to Mrs. Trahern's mother, at Delta, La.

Dr. F. P. Thomas has returned from a two days' business trip to Nashville.

Mr. T. L. Gant is at home, after a commercial tour of several weeks, in the interest of his health.

Mrs. Lizzie Keegan has bought the millinery stock of Mme. Juliette Levy. Mrs. Levy will, in the near future, return to Nashville.

Mr. W. H. Cummings, of New York, arrived in the city this week and is the guest of his son, Mr. W. H. Cummings, Jr.

Miss Pattie McDowell returned from Louisville Monday where she had been called on account of the serious illness of her sister, Mrs. W. L. Davis. Mrs. Davis is now out of danger.

Mrs. Wm. W. and Rollin Trice left yesterday for Tampa, Florida. Whilst our people regret to lose two such exemplary and qualified young men they all wish them unbounded success in their new Southern home.

STEAM HEAT NEEDED.

Failing Wall of the Court House To Be Made New.

The primitive way of heating the different rooms of the Court House is to be abandoned this year. In a talk with one of the officials a KENTUCKIAN representative was told a few days ago that the fiscal court in the spring would make an appropriation necessary to heat the entire building by steam. The necessity for this has long been apparent.

Men are averse to the truth because they are in love with their sins. They live in their sins and become entangled in them. Believe on Christ and he cuts these entanglements. Herod was one of the men living in adultery with his brother's wife. John the Baptist had rebuked him and said "It is not lawful for thee to have thy brother's wife." For this Herod cut his head off. Sin will make a man commit any crime if he will but hold on to it like Herod. John the Baptist said to him, King though you are, you are an adulterer. Then in the eyes of Herod John the Baptist was a wild religious fanatic. The agent for a soap factory pretended to be an honest Christian. He told the Doctor that he had done everything that he had been told to do—more: he thought that his diamond stood between him and God, and he put that away; maybe his fine gold watch was in the way, he sold it and bought a five dollar watch; then he sold his gold watch chain and used a black ribbon. Yes he had done everything but still could not believe on Christ. The Doctor told him there was still something wrong, he couldn't tell him what it was. He went away an unsaved man because every piece of soap that left his factory was wrapped in a lie. Entangled with his sin he could not get away from it. Was it soap or salvation? Soap won.

WEDS WIFE'S SISTER

Beside Her Supposed Deathbed, But She Recovers.

The following story of a remarkable condition of marital affairs comes from the village of Clifton Park, in Saratoga county, N. Y.

Giovanni Pelosi, an Italian, and commonly known about the village as "John," was married about a dozen years ago to an Italian woman of the village. A few years later John's wife was seized with what was generally regarded as a fatal illness; in fact the physician who was called in declared that she could not possibly recover.

This being the case Mrs. Pelosi called her weeping husband to her bedside and told him that she wished him to marry her sister, and wanted the ceremony performed there and then, for she could not die happy if she did not see them married. The sister being a come-lately young woman the husband announced his willingness to accede to his wife's dying wish. The girl also acquiescing the ceremony was performed at the bedside of the sick wife.

The first wife recovered and John found himself with two wives. Both women loved him, and he was equally fond of each.

Twenty-three Years.

In view of the fact that the KENTUCKIAN has wound up its 23rd year of success, it is not out of place to say a word to its friends. The KENTUCKIAN has long since become a fixture of Hopkinsville.

All Newspaper Records in the City Have Been Broken by it.

No other paper ever published in Hopkinsville can point to a record of more than 20 years, with each year's business better than the one before. How many papers in that time have tried to run in Hopkinsville and fallen by the wayside? How many have failed to reach the goal?

An ocean cable 10,000 miles long would not serve the purpose for which it was designed if it fell short within twenty feet of the receiving-instrument.

It isn't the first end that counts. It's the last end. The start is nothing. Every contestant starts in a race, but how many finish? Almost any horse can begin in a race. Wish a few trials, ever an old plug may get away from the wire all right, but it's the coming under the wire for the last time that counts, it's being in the race to the finish that is alone valuable.

A great many things in this world are made to begin well enough, but they fall short.

The KENTUCKIAN as an advertising medium has never fallen short. As a news medium, occupying a field of its own choosing, it has for 20 years stood squarely upon its merits and succeeded.

WHERE OTHERS FAILED.

Advertisers should bear this in mind. Money spent for Newspaper Advertising is an investment. It is not how much the advertising costs, but how large will be the returns. The mission of Newspaper Advertising is to Sell Goods. When the careful merchant has decided the important question as to the right medium, then, by attractive display advertising in that medium, he will inevitably increase sales. This result follows as surely as day follows night. The

Kentuckian

is the medium that pays, because it reaches the people. It has among its patrons advertisers who have been with it without a break for 12 to 15 years. It numbers the very best class of advertisers in their respective lines of business.

If you are not already a customer of ours, we want to make you one, and your advertising ONE OF OUR SPECIALTIES.

Newspaper advertising has become an indispensable adjunct to business. You need the advertising, we have the space to sell. Come let us do business with each other.

And to the reading public, remember we cover the entire news field twice a week for only \$2 a year. At least one half of the news we give is in advance of other publications, because our facilities for gathering out-of-town news are equaled by none. If your time is out renew promptly. If you have never taken the KENTUCKIAN, try it for 1902.

GIGANTIC MONUMENT.

It Stands on the Summit of the Banhida Mountain, County Komorn, Hungary.

The most colossal monument on the continent of Europe is that of the fabulous Turull bird recently erected on the summit of the Banhida mountain in County Komorn, Hungary, to commemorate the celebration of the Hungarian millennium, which was celebrated with immense patriotic enthusiasm a few years ago in all portions of the kingdom. This bird, so fable says, has played an extraordinary part in the destinies of the nation. The monument was actually erected by the people, even the poorest, moved to en-

thralasm by the eloquence of the popular poet, contributed the copper he could ill afford to the general fund. The bird is 15 feet high, and it is that of the Magyar sculptor, Donath Gyula, the metals used being copper and iron. The height from the claw to the tip of the wing is 68 feet; the outspread wings are 46 feet long, and the sword of Arpad, which the monster bird holds in its claw, measures 40 feet.

FREAK PHOTOGRAPHY.

Unique Pictures Produced in England by Means of a Device Called the "Duplicator."

This is not a picture of a two-headed man or of a modern Janus, but is merely a clever photographic fake that has just been published in the London Tatler. The picture in all probability was made by means of what is called a duplicator. This instrument consists of a transparent plate held in front of the lens, by which one-half of the light is cut off, so that only half of the plate is exposed. To make the picture figure focused in the ordinary way. The duplicator is placed on the lens and an exposure made with the camera in one direction. If the plates were now developed we would have a picture of the man cut along the line

of the vest, but instead we reverse the duplicator and get the other half of the man exposed, and then make a second exposure. We then get the other half of the man's body and the new view of his face. The plate is developed and printed in the ordinary way. The little instruments can be bought at any supply store for 25 cents.

FINE RETICULATED ANTIQUITY.
An archaeological antiquity has been made at St. Maurice, Switzerland. Two interesting sections of pavement from the Roman era have been found. One of them, a beautiful red color, is made of pounded brick, with a flat surface. The other is made of strong concrete, over which is a layer of pounded rock, similar to that used in the Forum of Rome. Many visitors have already been to the Museum of Antiquities of St. Maurice to see the stones.

COTH CUT BY ELECTRICITY.
An electric cutter is recently put in the shirt factory located in Butler, Pa. The cutting is done with a circular knife, about six inches in diameter, which moves 2,000 times per minute. It is kept sharp by two miniature emery wheels attached above it. With this machine a man can cut nearly twice as many garments per day as by hand. The power is furnished by a dynamo attached to a gas engine.

EDGEWOOD,

8069.

Edgewood's breeding is of the most fashionable strain, and contains crosses to all the blood that has produced the winners of the world. Such stallions are too few for the good of the trotting industry. Numbers of the best, were during the hard times just past, exported to foreign countries. Among the few left to fill the requirements Edgewood remains, though yet a young horse, has seven to his credit, with records from 2:24 to 2:10, which in itself is proof sufficient as to his merit. His colts are all fine, large, good-looking individuals, good actors and trotters, and command the top prices when led in the sale ring. Gayety, 2:18 $\frac{1}{4}$, one of his handsome daughters, was sold to John Spain, of Cleveland, Ohio, last February for Five Thousand Dollars (\$5,000.00). Eight youngsters by him were sold in John S. Lackey's sale in March last, by S. J. Fleming & Son, of Terre Haute, Ind., for prices that proved to them that there was still money in raising colts by the right kind of a horse.

Edgewood is the property of S. J. Fleming & Son, of Terre Haute, Ind., and ranks with such horses as Margrave, Axtell, and Jersey Wilks, which is proven by his list of colts with race records. His colts make fine roadsters and Matinee horses and are sought for that purpose as well as for race horses.

Edgewood, by Nutwood, (600) sire of 160 performers, including Lockheart, 20 $\frac{1}{2}$, Manager, 26 and 12 others in 2:10 list. He by Belmont. He by Abdallah, 15. He by Hambletonian, 10. Nutwood's dam, Miss Russell, dam of Maud S., 2:05 $\frac{1}{2}$, and six others. Her sons are sires of 223, and Edgewood's dam, Melrose, is the dam of Glenview Belle, 22 $\frac{1}{2}$, and Frances, (2 yr.) 2:24 $\frac{1}{2}$, made in 1901. His second dam, Moss Rose, dam of Nutrose, 2:22, and grand dam of 16, 3rd dam, Primrose, the dam of 6, from 3:30 to 2:20, 4th dam, Black Rose, dam of 5 in 2:20 list.

Practically Nothing Being Done in Tobacco Business.

Bad Weather and Frozen Country Roads Responsible For General Inactivity.

The tobacco business is still quite inactive, owing to continued bad weather for handling the weed, and there is little of interest to report this week concerning the local market. Receipts have been small and will not improve until weather conditions are more favorable.

The country roads continue in an almost impassable condition and farmers who have sold their crops are unable to make delivery.

As has been previously stated in the KENTUCKIAN, in South Christian about 80 per cent of the crop has been sold, but only about 25 per cent. has been delivered. In the northern part of the county fully one half of the crop has been delivered and nearly all of the weed in that section has been sold to dealers.

DIED

Before His Family Could Reach His Bedside.

Conductor J. H. Burch fell from the top of a freight car at Goodlett's station, Tennessee, last Wednesday and sustained injuries which necessitated an operation which resulted in his death before his family, which was enroute, could reach him. The family was notified of his injury by the railroad company and furnished with a special train. Death had claimed the popular conductor and loving husband and father before they reached his bedside in Dr. Eaves' sanitarium. His remains were taken to Howell, Ind., for burial yesterday.

A MIDNIGHT FIRE.

Without Clothing and In Bare Feet Inmates Escape Death

With the mercury in the neighborhood of the zero mark, the earth covered with ice and snow, the cold west wind blowing almost a gale, the alarm of fire rang out after 1 o'clock last Tuesday morning and a slumbering household awoke to find themselves in imminent danger. Owing to the demoralized condition of the telephone system, incident to the great sleet, the fire bell had to be rung by some one who had left the burning house of Mrs. Annie Cofer, on Jewell Avenue. When the fire department reached the house it was about burned down. The loss on building and contents is estimated at \$2,000, with \$1,000 insurance.

Best in the Country.

Mr. and Mrs. Moses Elb returned Tuesday from an extended visit through Missouri, Kansas and Nebraska. Mr. Elb says Hopkinsville is the best place in the country. More vacant storerooms can be found anywhere than here, business is better here, and this is the place for him.

Something That Will do You Good

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market. It is a remedy for that alarming complaint, Cough. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we have never had a cold, but it has time and again prevented cough. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their houses as a safeguard against cough.—Camden (S. C.) Messenger. For sale by all druggists.

Arrested Here.

Mose Bryant, col., wanted in Clarksville on a charge of shooting, was arrested here Monday and taken back to Tennessee for trial.

Billious Colic.

He Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of billious colic, went to a local druggist for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon. For those who have severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

SON SUMMONED

To Mother's Bedside, But Death Came Before His Arrival.

Mrs. Elizabeth J. Martin, the aged mother of Mr. W. H. Martin, of Crofton, died at the home of her son-in-law, Mr. Harry Bridges, in Louisville, on the 30th ult.

Death was due to pneumonia from which she had been a sufferer only a few days.

Mr. Martin was informed of his mother's extreme illness in the day of her death, but did not arrive in Louisville until several hours after she had passed away.

Mrs. Martin was in her 72d year and had been a member of the Methodist church for nearly half a century. She was a native of Muhlenberg county, but had been living with her daughter in Louisville for about fifteen years.

The remains were interred at Greenville last Saturday.

BONE AND BRAINS

Removed By Surgeon and This Plan May Recover.

Henry James, the colored L. & N. section hand who was knocked from the track by a freight train, near Crofton January 26, is still alive, at his home in Kelly, and the chances for his recovery are considered good.

James' skull was crushed in on one side and several pieces of bone, one as large as a silver dollar, were removed. A small portion of the brain was also taken out.

Returned.

The many friends of Miss Felie Payne will be glad to learn that she has returned from Florida greatly improved in health—so much so that she has concluded to resume her old position in the military store of Mrs. Keegan, recently purchased by her from Madame Fleurette Levy. She has occupied the position of head sales lady in this store for several years and will be glad to meet her many friends.
